Security

Who should participate?

- Providers
- Payers
- Attorneys
- Health Care Consultants
- Privacy Officers
- Security Officers
- Compliance Officers
- IT Professionals
- Health Information Professionals

Why should you participate?

To provide an opportunity for information sharing and identification of best practices for implementing the security rules.

To provide opportunities to participate in the creation of security deliverables (sample policies, procedures, position statements, whitepapers, preemption documents, etc.) and the option to take advantage of those deliverables.

To establish a forum for participants to voice concerns and seek assistance in resolving troublesome security issues.

What topics are covered?

This group has generated template security policies covering the majority of the security rule and several whitepapers addressing specific security-related topics. In the future, our goal is to give guidance on practical operation implementation of the rules as the security rule is not a one size fits all rule.

When is the next call?

One hour calls are scheduled for the fourth Wednesday of January, April, July and October.

Privacy

Who should participate?

- Providers
- Payers
- Attorneys
- Health Care Consultants

- Health Care Consultants
- Privacy Officers
- Security Officers
- Compliance Officers
- IT Professionals
- Health Information Professionals
- Risk Managers

Why should you participate?

It provides an opportunity for information sharing and identification of best practices for implementing the HIPAA regulations in organizations' risk management programs.

It provides opportunities to participate in the creation of risk management deliverables (sample risk assessment templates and methods to complete risk analyses, risk mitigation methodologies, policies, procedures, position statements, whitepapers, etc.) and the option to take advantage of those deliverables.

It establishes a forum for participants to voice concerns and seek assistance in resolving troublesome risk management issues.

What topics are covered?

This group developed a Risk Analysis & Risk Management Toolkit (Toolkit). The Toolkit provides an example of HIPAA Security Risk Assessment and documents to support completing a HIPAA Security Risk Analysis and Risk Mitigation Implementation Plan. Our goal is to continue building this Toolkit and add documents to further assist organizations in their efforts to complete a Risk Analysis and to develop their overall Risk Management strategy.

When is the next call?

One and a half hour calls are scheduled for the second Friday of each month.
